

Shelter in Place

A digital exhibition series presented by Studio Place Arts.

The Governor's executive order in March marked a precipitous time of change and adjustment for artists, creatives and others. Artists were challenged on many personal levels by the public health crisis; some were moved to create artwork in response. Most artists experienced a cataclysmic alteration of the art world itself, as gallery exhibitions, art fairs, and museums were quickly cancelled and closed. Additionally, sources of materials and space that artists use in their art-making practices became potentially less available. This period of time nonetheless has offered a chance for new focus and different provocations. What have you been making? Would you be willing to share your work?

Show Series Format:

There are several scheduled digital exhibitions that will be shown via the Studio Place Arts website, Facebook page and Instagram. The exhibitions will be launched via Studio Place Arts, as follows:

- Show on June 5, 2020 (**Deadline** for submission: May 18, 2020);
- Show on June 19, 2020 (**Deadline** for submission: June 8, 2020); and
- Show on July 10, 2020 (**Deadline** for submission: June 22, 2020).

Submissions:

Provide high-resolution photographs. The photograph(s) should avoid using glass or a frame. Please limit your submissions to **no more than 4 entries** for each scheduled SPA show, listed above.

Include this information with each of your entries: (1) Name of work; (2) date of work (state the month); (3) specify medium(s); (4) measurements of work (unframed); and (5) price of work. SPA will select from the submissions to create the digital exhibition series.

Send your show applications to: [submissions.studioplacearts@gmail.com].

Other:

- Work submitted to the SPA digital exhibitions needs to be completed between March 1, 2020 and June 22, 2020.
- Please include a short artist statement (limit to no more than 350 words).
- SPA will likely invite artists involved in these digital shows to a future third floor exhibition in the SPA building.

Sales:

Sales originating from the SPA digital shows through August 15, 2020, would be transacted as other SPA sales: 65% to the artists; 35% to the gallery. The artist has an option to deliver the purchased piece to SPA at an agreed upon, scheduled time. Then, the buyer would schedule with SPA to pick up the work, curbside. Alternatively, shipping/handling would be an additional fee calculated by the artists and added to the sale price (unframed work is easier to ship and keeps the costs of creation at a minimum). SPA will arrange the particulars with the artist(s) and buyer(s).
